

## Thomas Chen of Crystal Windows Honored by Queens Museum of Art

Crystal Window & Door Systems' President Thomas Chen was recently honored by the Queens Museum of Art for his contributions to the community, particularly for his support of art and educational outreach programs. He was recognized at the Museum's Annual Gala in Flushing Meadows Park on May 30, 2007.

Through the Crystal Founda-

tion, the philanthropic arm of Crystal Windows, Thomas Chen and his family have underwritten art exhibits and sponsored international artists, facilitated reading programs at local elementary schools, and have supported cultural institutions that focus on art and education.

Crystal Window & Door Systems is one of the top 60 manufacturers in North Ameri-

ca of replacement and new construction vinyl and aluminum window and door products and high-end fenestration systems. Crystal offers a full product line, quality workmanship and outstanding value. For further information about Crystal and its products, call 718-961-7300, or visit their website at [www.crystalwindows.com](http://www.crystalwindows.com)

## Marvin Windows and Doors Ranks High With Architects

An inaugural study conducted by J.D. Power and Associates and McGraw-Hill Construction ranks Marvin Windows and Doors highest among residential window and patio door manufacturers in satisfying architects.

The 2006 Residential Window and Patio Door Architect Satisfaction Study was designed to provide comprehensive information to assist window and patio door manufacturers in their efforts to improve cus-

tomers satisfaction. Overall satisfaction was based on performance in six factors: features and design; performance; sales and marketing support; architectural design support; warranty; and price.

Marvin received the highest ratings in four of the most heavily weighted satisfaction categories: features and design; performance; sales and marketing; and architectural design support. The study was based on

responses from 712 architects.

Marvin Windows and Doors is a premier manufacturer of made-to-order wood and clad wood windows and doors, and offers the industry's most extensive selection of shapes, styles, sizes and options.

For additional information, call Lisa Bartlett at 800-48MARVIN or visit [www.marvin.com](http://www.marvin.com) or [www.supermarvin.com](http://www.supermarvin.com)

## Mirage Motorized Screen Systems

Homebuilders and other builders seeking innovative ways to distinguish home and commercial space designs can now confer with a Coast to Coast network of Mirage Motorized Screen System specialists on the push button space transformations possible with Mirage Motorized Screen Systems. Garages convert to playrooms or offices, high-rise balconies become private spaces, picture windows are shaded, gazebos get bug-free – these are just a few lifestyle transformations through design innovation, now possible with the addition of

Mirage Motorized Screen Systems.

These Euro-styled Motorized screens feature the latest technology in remote control motors providing screen and/or shade protection for doors (even French doors), windows (even outswing designs) or any home or commercial space opening as small as 3'x3' or as large as 25'Wx16'H. They are available in three standard colors, white bronze or ivory, or in virtually any custom color an interior design requires. Optional accessories for automating operation at pre-set sun intensities, wind

thresholds, as well as automatic timers are also available. Electronic components, electrical motors, and aluminum components have 1 year, 5 year, or limited lifetime warranties, respectively. Prices, beginning at \$1,500, include professional installation.

In the coming year, Mirage Motorized Screen Systems will be showcased in home show events nationwide. For further product information, visit [www.miragescreensystems.com](http://www.miragescreensystems.com) or call 1-800-667-2526.
