

Commercial Applications...

Keep the heat in

Keep rain and wind out

Increase Revenue in Bad Weather

- Offer customers a clear view, while providing protection from unfavourable weather conditions
- Position the vinyl panel at almost any height to allow maximum visibility
- Keep heating or cooling costs to a minimum
- Choice of screen fabrics in various colors

Mirage®

Retractable Screen Systems

Comfort + Energy Savings...

Mirage Retractable Screens let cool breezes in and keep flying insects and bugs out. Minimize the need for expensive air conditioning and maximize cross ventilation in your home. Mirage offers a natural cooling solution ~ a better ventilated home will not only cut energy bills but also will feel more comfortable.

This is a professional installed screen system that disappears into a compact housing and doesn't interfere with window or door functioning.

Versatility...

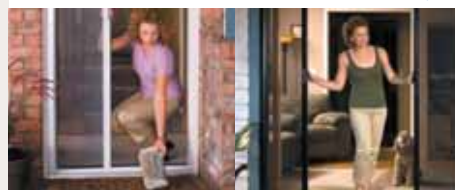

- Can be made to fit almost any door application including in-swing or out-swing doors, patio doors, entrance doors and French double doors
- Door heights up to 110" and door widths up to 55" are available
 - ideal for use on windows
 - leave it installed year round; there's no need to remove them

A World of Colors...

- 7 standard colors
- 10 wood grain colors
- 35 Designer Collection colors

Mirage®

Motorized Screen Systems

Motorized Screen Systems

for your home or commercial space

Looking for a Power Screen?

...they aren't just for garages anymore!

Versatile and practical, Mirage Motorized Screens are capable of converting virtually any open space into a useable room.

- Fit a large opening as wide as 25 feet and as high as 16 feet in a single unit, or as small as 3 feet by 3 feet
- Great alternative to pool cages or fixed screen panels
- Keep your recreational area bug free
- Cool your patio with a solar screen
- Lower your energy bill
- Remote controlled at the touch of a button

Residential Applications are Endless!

- Garages, porches, lanais, balcony or shading for picture windows or French doors

Mirage Power Screens are customized to fit your needs:

- Install on the interior or exterior of your home, either mounted to the wall, or inside an opening
- 3 standard colors - white, bronze, ivory
- 7 custom colors
- Wide variety of mesh
 - 18/14 black or white Super Screen
 - 18/14 or 20/20 insect screen
 - Suntex 80 premium solar
 - 20/30 or Shearweave 1000 solar screen
- Accessorized with optional sensors and timers

Why choose a Mirage Power Screen?

- New! Extruded Hood
- New! Weight Bar with felt seal - additional weight to address high wind applications; a better seal over grout lines, pavers and uneven surfaces
- All stainless steel fasteners
- Smaller zipper for better stacking and quieter operation
- Simu Hertz motors standard with all units (5 year warranty)
- Virtually maintenance free
